CITIES SPARED MUCH OF IDA’S WRATH

BY GEOFF BELCHER
GENERAL MANAGER

The mayors of Bay St. Louis, Waveland and Diamondhead were all breathing sighs of relief on Tuesday that Hurricane Ida, for the most part, spared their cities from the horrific damage it wreaked on much of southeast Louisiana.

“I think we were all very blessed, because (Ida) sure sounded a lot worse than she turned out to be,” Diamondhead Mayor Nancy Depreo said Tuesday. “You could hear it all night long. It was crazy.”

Overall, Depreo said, “I think the city fared very well. We feel we’re very blessed. We had a few trees down, limbs in some peoples yards. We had a few roads flooded because of Rotten Bayou overflowing, and of course, the Bay overflowed on the south side. Otherwise, we came out very well and we’re very thankful.”

Depreo said that so far, no one in Diamondhead has reported any actual home flooding.

“I did hear a report of a garage getting flooded that was close to Rotten Bayou,” she said.

While the damage assessment continues, she said, “Diamondhead residents can pull their debris out in front of their homes in the right-of-way. The city is well-prepared for hurricanes.”

Depreo said the city already has a disaster

Ida caused flooding throughout Hancock County, but no major injuries reported so far

BY GEOFF BELCHER
GENERAL MANAGER

Although Hancock County was spared the worst of Hurricane Ida’s winds on Sunday and Monday, many parts of the county were still dealing with flooding on Tuesday morning.

“MDOT has Hwy. 603 shut down between Texas Flat and Jourdan River Shores because there’s water coming over the road by the Jourdan River Steamer,” Hancock Emergency Management Agency Director Brian “Hooty” Adam said at

about 10 a.m. Tuesday.

“We’ve had a lot of flooding,” Adam said, but so far, no reports of storm-related injuries.

“We had a quite a few people in the shelters,” Adam said, including 87 people at the Kiln shelter and 24 at the Necaise Crossing shelter.

“Necaise Crossing was basically an overflow shelter,” Adam said. “We can fit a lot more (in the Kiln shelter), but not with COVID. Social distance, that shuts our totals down a lot, actually. Everything at the shelters seemed to go well, though.”

Adam said it will be some time before there is an official estimate of storm damage county-wide.

“We’ve been out assessing the waters,” he said. “We still have some areas that have water over the road, and we’re going to go out and reassess them in a little while.”

As of Tuesday morning, he said, there had been no reports of major damage.

He urged anyone with property damage from the storm to contact the EMA at 228-255-0942.

MSDH reports sixth pediatric COVID-19-related death in the state

Photo by Geoff Belcher | Sea Coast Echo

Memorial Hospital of Gulfport last week conducted a drive-through COVID-19 testing clinic at the historic Bay St. Louis Depot, testing about 100 patients a day, Memorial Director of Advanced Practice Anne Couregge Musgrove said last week. “The Delta variant is highly contagious, and people can harbor the virus for 7 to 10 days before they show symptom,” she said. “It’s important that you quarantine and get tested 3-5 days after your exposure, or as soon as you show symptoms, to make sure you’re not inadvertently spreading the virus.” Testing will resume today, Wednesday.

During its weekly briefing last Wednesday, officials with the Mississippi State Department of Health reported the sixth pediatric COVID-19-related death in the state since the pandemic began.

State Epidemiologist Dr. Paul Byers said the recent death was in a

youth less than five years old.

Byers said that there has been an increase in the number of pediatric hospitalizations, either in ICU for treatment or on the ventilator.

As of Aug. 24, Byers said, seven children were hospitalized in ICU and three were on the ventilator.

He said that there has

been increase in the number of COVID-19 cases in children ages five-to-17 years old.

“Certainly, a lot of these children are unvaccinated and we’re encouraging everybody now to make sure that your children 12 years of

Hancock deputies respond by boat to murder; suspect dies in shoot-out

BY GEOFF BELCHER
GENERAL MANAGER

While Pearlinton residents were busy dealing with flooding from Hurricane Ida, Hancock County deputies had to respond to the scene of a murder, which resulted in a stand-off and shoot-out that left the suspect dead, authorities say.

Sheriff’s officials said deputies responded by boat to a residence at Kelly Street where a man had been killed, and the male suspect exchanged gunfire with at least one of the deputies.

“Upon arrival, Hancock County deputies, while attempting to investigate the call for service, made contact with a subject in the residence,” according to a press release from Hancock Sheriff Ricky Adam’s office. “An officer involved shooting occurred that led to the shooting death of one subject. Deputies found a second deceased male in the residence. No deputies were hurt during the incident.” Witnesses at the scene were reportedly evacuated by boat.

The Mississippi Bureau of Investigation is investigating the officer-involved shooting, which is protocol in such cases.

Officers of the Hancock County Sheriff’s Office are investigating the murder.

MSDH reports 1,111 new cases of COVID-19 and 48 deaths statewide; 18 cases reported in Hancock County

SEA COAST ECHO

The Mississippi State Department of Health (MSDH) on Tuesday reported 1,111 new cases of COVID-19 in the state and 48 deaths. Today’s count is impacted by reduced staffing related to Hurricane Ida. Eighteen cases were reported in Hancock County.

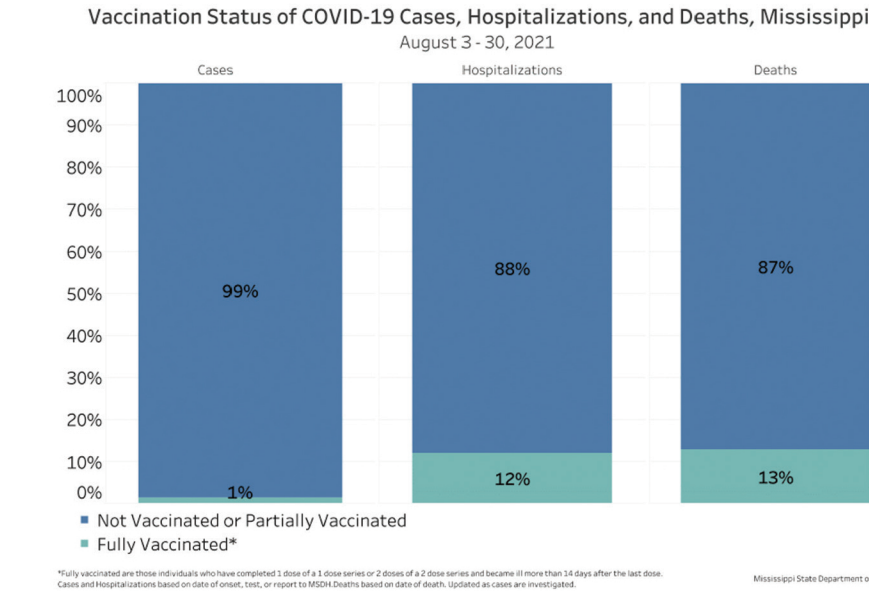

Over the weekend, the MSDH reported a three-day total of 7,971 new cases and 82 deaths statewide. One hundred seventy-three cases and one death were reported in Hancock County over the three-day period, from Thursday Aug. 26 at 3 p.m. to Sunday Aug. 29 at 3 p.m.

Hancock County’s total now stands at 6,502 with 98 COVID-19 related deaths.

“Mississippi’s total of COVID-19 cases since March 11, 2020 now stands at 436,722 with 8,409 deaths,” according to the agency’s statement on Tuesday. “There are now 170 active outbreaks of COVID-19 in long-term care facilities (where an outbreak is one or more cases among residents or staff).”

Twenty-one of the deaths reported on Tuesday occurred between Aug. 25 and Aug. 30. Twenty-seven of the deaths occurred between Aug. 12 and Aug. 26, identified from death certificate reports.

As of Aug. 29, the MSDH reports that 1,510 Mississippians are hos-

pitalized with confirmed infection; 452 patients in ICU; 57 patients hospitalized with suspected infection; and 317 patients on ventilators.

State Health Officer Dr. Thomas Dobbs said that Mississippi is now seeing its “fourth wave” of COVID cases.

The MSDH updated public health guidance for mask use in public indoor settings.

“The Delta variant is much more contagious, and spreads twice as easily compared to other strains,” State Epidemiologist Paul Byers said. “The overwhelming majority of cases, hospitalizations and deaths are among unvaccinated persons, though there have been some infections,

hospitalizations, and deaths seen in fully vaccinated persons. Some fully vaccinated persons who become infected may be contagious.”

Aligned with the Centers for Disease Control and Prevention (CDC) guidance, the Mississippi State Department of Health (MSDH) recommends the following steps for all Mississippians to control the spread of COVID-19:

- Get a COVID-19 vaccination if you are eligible.
- MSDH recommends everyone (including those who are fully vaccinated) wear a mask in public indoor settings.
- If you test positive for COVID-19, even if fully vaccinated, you

should isolate for at least 10 days from the beginning of your symptoms or from your test date if you have no symptoms.

- If you are exposed to someone with COVID-19, you should get tested 3-5 days following exposure. If you are not fully vaccinated, you should quarantine for at least 10 days after exposure (fully vaccinated persons do not have to quarantine after exposure, but should get tested).

- If you are 65 years of age or older, you should avoid all indoor mass gatherings, even if you have been vaccinated.

Hancock County volunteers last week continued their “Healthcare Heroes Care Package” drive, collecting huge donations from Silver Slipper Casino and Hollywood Gulf Coast in Bay St. Louis.

“We’re very grateful to everyone who has donated,” Kay Kell — one of the founding organizers of the group — said last week.

Kell said the group got together to help alleviate

the stress of local health care workers during the COVID-19 pandemic.

Last week, Hollywood delivered more than 3,000 bottles of water and 1,000 protein bars to the staff at Ochsner Medical - Hancock. Silver Slipper Casino also donated more than 3,000 bottles of water.

The group began collecting snacks, gift cards, bottled water and much more for front-line healthcare workers. They deliver care packages each week to Ochsner Medical - Hancock

Center in Bay St. Louis, as well as to Memorial Hospital in Gulfport, Singing River in Ocean Springs and Memorial’s outdoor testing unit at the Bay St. Louis Depot.

“The most important thing is the thank-you notes,” Kell said.

The notes snare written by local residents and students and express the community’s appreciation to its healthcare heroes, Kell said.

Each care package also includes an angel print by local artist Michelle Allee called “Vec-

toring the Storm.”

Kell said the group plans to continue the program for at least eight weeks.

If you’d like to donate, you can drop off donations at the Hancock County Chamber of Commerce at 100 South Beach Blvd. in Bay St. Louis from 9 a.m.-5 p.m., Monday through Friday; or at Rosetti’s Liquor Barrel, 998 Hwy. 90 in Bay St. Louis, Monday through Thursday from 10 a.m.-9 p.m. or Friday and Saturday, 10 a.m.-10 p.m.

You can also arrange a drop-off or volunteer by emailing Kay Kell at kay.kell@yahoo.com.

Donations accepted include funds to purchase items, or small bottles of drinks like water, iced coffee or tea or energy drinks; protein bars; individual snack bags; candy; gift cards; appreciate notes.

Serving Seniors

On Aug. 19, Hancock County Sheriff's Office, SALT/TRIAD Hancock, RSVP, and the Hancock County Senior Center provided meals and hurricane awareness information to 135 residents in the Pearlington community.

Two BWSD teachers selected to serve on Mississippi Teacher Advisory Council

SEA COAST ECHO

Two Bay St. Louis-Waveland School District teachers have been chosen to serve on the Mississippi Department of Education's Mississippi Teacher Advisory Council.

Waveland Elementary School teachers Robin Craft and Whitney Landrum are among the 300 educators representing schools in urban and rural areas of the state and an array of content areas, including general education, arts, special education and career and technical education.

Craft is a kindergarten teacher and Landrum is a first grade teacher.

Craft has been a teacher for 26 years, one year as an assistant and 25 as an elementary teacher in kindergarten-3rd grade. She has a Bachelor of Science in Elementary Education from the University of Southern Mississippi and is a National Board Certified Teacher.

"After all these years I still love getting to teach children and watch them learn and grow each

day," she said. "I feel very honored to serve on the TAC. It's a privilege to represent the Bay St. Louis-Waveland School District as a member of the MTAC."

Landrum joined BWSD three years ago after teaching for four years at Delisle Elementary School and kindergarten in Louisiana for more than a year. Throughout her teaching experience, she has been a member of each school's Positive Behavioral Interventions Support (PBIS) team. "Motivation and positive reinforcement are two areas I stress greatly in my classroom," she said.

She is a graduate of Our Lady Academy and earned a degree in Education from the University of Southern Mississippi. Landrum said being nominated to apply for TAC was an honor. "Knowing how much education in Mississippi and teaching meant to me, I took the application process seriously, and answered each question from the heart, and with all teachers in mind.

I hope to become a huge asset to the council and make a difference for all teachers throughout our state," she said.

The purpose of the MTAC which was formed in 2016, is to provide feedback to Dr. Carey Wright, state superintendent of education, on the initiatives of the MDE, the Mississippi State Board of Education and the Mississippi State Legislature. Wright meets with teachers regularly. The MTAC aims to empower teachers to discuss topics critical to their success in the classroom and how MDE can assist.

"Hearing directly from teachers about their classroom experiences has helped me set priorities and has informed statewide decisions about policy, resources and professional development," Wright said. "I look forward to meeting our new members and continuing to work collaboratively with all teachers on the council on behalf of Mississippi students."

Remember how it felt

I like traditions just as much as the next person. Enjoying a cup of hot egg nog on Christmas Eve whilst watching “It’s a Wonderful Life” with my family is probably one of my favorite traditions.

Anyone that lived through Hurricane Katrina like I did knows that Aug. 29 will always be a day to remember.

And it seems that Mother Nature won’t let us forget to remember it as well.

For the past couple of years it seems, we’ve had to hunker down for the threat of storms on this somber anniversary. I try not to panic because calm heads are better, but I do believe I wore down a spot in my carpet from pacing back and forth Sunday night.

But, we must also keep in mind, that this is peak hurricane season as well. So it’s not that unusual.

While Hancock County seemed to escape the brunt of Hurricane Ida’s wrath, our neighbors in Louisiana weren’t so lucky.

I’ve seen the footage of rescues, damaged homes, long lines of people waiting for gas and food, etc. I remember those feelings and I empathize with every one who has lost a family member, their home, and town.

The little parishes in Louisiana took a hard hit. I know. Just like during Katrina, the national media is focusing on New Orleans for the lion’s share of its content about Hurricane Ida.

We know what that’s like. But despite the lack of attention for Mississippi, help came anyway.

But like most of us here, the people of Louisiana are resilient. It’s almost as if riding out stormy weather is in our blood. My family is from this area and I know that they probably rode out storms for decades and decades and with little to no warning about the size of the storm, what time it would arrive, or the almost exact amount of storm surge it could possibly bring.

Technology and science is a necessary tool these days.

Some people want to judge the people who stayed behind. It’s not surprising, people judge for just about every little thing.

What people don’t understand is that evacuating is not as easy as snapping your fingers.

Some people don’t have reliable vehicles, don’t have the extra funds to travel a long way or pay for hotel expenses, or some people are essential personnel and can’t leave.

HANCOCK HISTORY
BY James Keating
M.D.

came originally from Ireland or later from France is a mystery, and maybe even a legend, the most common language spoken in the early settlements of Hancock County was broken Cajun-like French.

In the earlier parts of the Twentieth Century, and most likely ending in the 1980’s, the older generation no longer taught their children French. This was a common practice so they would not be ostracized in American English-speaking society. They would speak French when they did

not want the children and grandchildren to know what they were talking about in important matters or while gossiping. Unfortunately, very few words of French descent are spoken commonly among the locals currently, some of which are of religious nature for the endearing terms for godparents (such as par-rain or marraine).

The entire Moran clan in Hancock County at the turn of the last century had converted to the MORAN spelling. The Irish priests changed the spelling since they were often the only ones able to read or write during the early years of settlement.

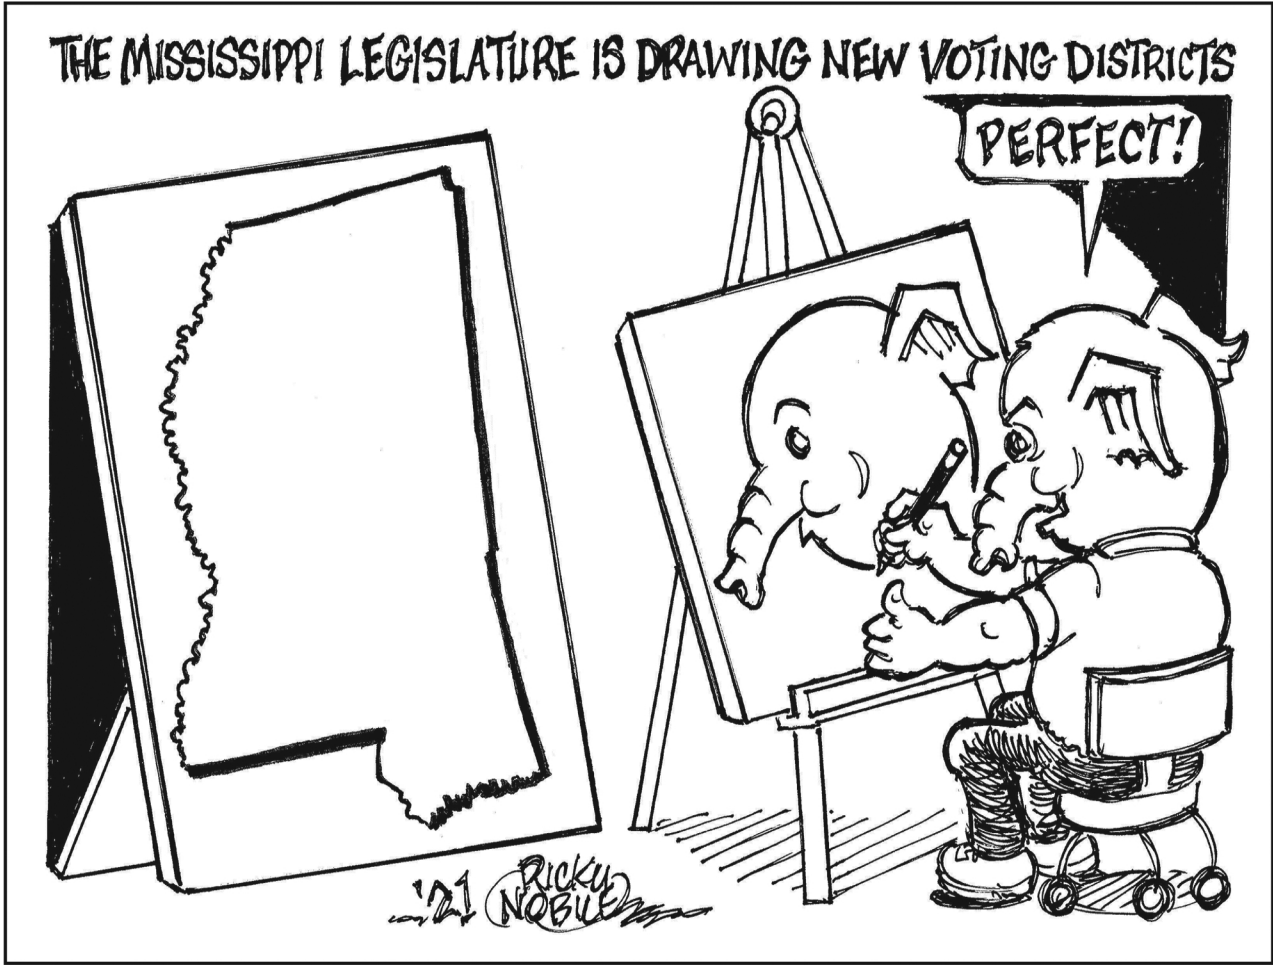

This was common among many other last names in the area that lost their European origin.

The Moran’s had a heritage or skill of raising herds of cattle for profit from the beginning of their time here. The following excerpts from their personal histories

tell their story of multi-generational, hard-working, capable cattle ranchers and a tradition of livestock husbandry that continues to this day on the fertile high ground about the Kiln.

The Moran family has lived in Hancock County for over 240 years and has an impressive documented family tree that goes back to 1634 in Normandy, France. The Moran’s earliest known member was in Acadia in the early 1600’s, but the family had moved to Quebec City by 1696. Many Acadian families expelled from Canada in the 1750’s migrated to southwest Louisiana and are called “Cajun” or have Acadian origin. The old family surnames, such as Moran, that settled Hancock County in this colonial period are considered French, French-Canadian, Spanish, or Greek,

Why I Support the ABLE Age Adjustment Act

Throughout August (also known as ABLE to Save Month), my team and I have hit the pavement to talk about the benefits of an ABLE Savings Account for those with disabilities and their families. Since 2014, thousands of Americans have achieved greater financial stability as a result of these tax-advantaged savings accounts. But they do have their limits.

Under the current rules, the beneficiary’s disability must have started before they turned 26. While that was a good place to start, the program’s rules leave out millions of disabled Americans – including many veterans – whose disability began after their 26th birthday.

Guest Column
By Treasurer David
McAree

That’s why I’m calling on Congress to pass the ABLE Age Adjustment Act, which increases the age of onset from 26 to 46 years old.

Here is why this is important: People with disabilities are twice as likely to live in pover-

ty as their non-disabled counterparts, and barring access to an ABLE account, there are very few paths out of it. More specifically, if a disabled American relies on social safety net benefits for healthcare, transportation, or other necessities, their savings are federally limited to just \$2,000 before they risk falling off a financial cliff. By passing this legislation, Congress would put financial stability – and perhaps even financial independence – within the grasp of 6 million more Americans, including 1 million disabled veterans.

Once an ABLE account has been opened, the beneficiary, as well as their family and friends, can contribute to it. They

are also empowered to choose how the money is invested, giving them an opportunity to grow their savings over time. And for many, the growth is tax free.

The money accumulated in the account can be used for a variety of disability-related expenses, including education, housing, healthcare, and transportation. This is not another government program that taxpayers on the hook for or a deficit-spiking commitment. Instead, expanding ABLE empowers individuals and their families to take personal responsibility over their savings and achieve

If you have a chronic medical condition, you should avoid all indoor mass gatherings, even if you have been vaccinated.
Byers said that the impact of monoclonal antibodies is having a positive impact on those diagnosed with COVID-19.
“We do feel like this is a life-saving measure,” he said. “We feel like this is what is additionally helping our hospital capacity. We know that individuals who are infected if they get monoclonal antibodies early in the course of

their illness that it can prevent hospitalizations, it can prevent deaths. We’ve seen an increase in the use of monoclonal antibodies throughout the state.”
Residents can call the Mississippi COVID hotline at 1-877-978-6453 for information about where to go and get monoclonal antibodies.
As of Aug. 30, about 15,319 Hancock residents — about 32 percent of the population — had received at least one dose of a COVID-19 vaccine. Only 12,483 Hancock residents — about 26 percent of the population — had been fully vaccinated.

but historically not Acadian. Nonetheless, there were probably some inter-marriages with families from nearby Louisiana Cajun communities.
The earliest recorded member of the Moran clan to migrate from Canada to the Gulf Coast was a Joseph Moran I (1739-1805) sometime before 1778. During the 18th century, early settlers were attracted to the barrier islands such as Cat Island because of some perceived safety regarding occasional Indian war parties. The Ladner family had settled on Cat Island by 1745. Nicholas Christian Ladner (1727-1800) married Marianne Paquet (1742-1810) in that year, and they lived on the island until 1788. They are the namesakes for Pass Christian and Pass Marianne. In 1781, Nicholas Christian Ladner registered with the Spanish colonial authorities and was granted ownership of Cat Island. One daughter, Marie Louisa Christian Ladner

(1760-1804), married the aforementioned Canadian immigrant, Joseph Moran I, and although they had twelve children, three of their sons had descendants who fostered a giant family tree now numbering in the thousands and spread over the entire Gulf Coast.
Joseph I and Louisa had three sons: Pierre III (1784-1845), Jean Baptiste (1781-1811), and Joseph II (1781-1811). Joseph II settled on the Back Bay of Biloxi on the old brickyard. Jean Baptiste settled on Cat Island with the Ladner’s. Pierre III settled on the Wolfe River (Delisle) in 1796. Jean Baptiste received a land grant that included acreage in modern day Waveland and Diamondhead. In fact, some of this land in the Diamondhead region was sold to John Joseph Jourdan near the Rotten Bayou of the Catahoula River (later renamed the Jourdan River).
A Spanish soldier stationed in Pensacola, Jean “Juan” De Cuevas, Sr., (1762-1849), who would visit Cat Island from time to time, fell

in love with a daughter of Christian Ladner, Marie Helene Ladner (1775-1852). The reader can see already how these old families, starting back on Cat Island in the late 18th century, became so intertwined in Hancock County for the next 240 years. These settlers raised beef cattle for profit and sold cows to the butchers of New Orleans, transported by schooner. Indeed, cattle farming has been a profitable enterprise on the Mississippi Gulf Coast from colonial days to the present time.
In the recorded Spanish letters that are preserved, there is mention that Joseph I and Louisa had five cattle stolen by American corsairs (pirates), and Pierre III had thirty-four head taken by corsairs in their gunboats. Jean “Juan” De Cuevas Sr., took over ownership of Cat Island in 1788 and maintained a large herd on the island. The British, in 1814, confiscated many of his cows before the Battle of New Orleans creating the legend of Juan De Cuevas firing the first shots at the British in that engagement.

greater financial security.
The creation of ABLE in 2014 was a significant step forward. President Trump’s 2017 tax reform package was another improvement, as it permitted rollovers from 529 college savings accounts and allowed beneficiaries with earned income

Over the years, the Moran’s intermarried with the Ladner, Cuevas, and Necaise families, along with many other popular surnames that are in existence today. Hence, these families became successful cattle farmers.

NOTICE AS REQUIRED UNDER HOUSE BILL 37 PASSED IN THE 2014 REGULAR SESSION

A millage rate of 40.68 will produce the same amount of revenue from ad valorem taxes for the Bay St. Louis-Waveland School District as was collected the prior year. The millage rate for the prior fiscal year was 48.38.

NOTICE OF PUBLIC HEARING ON THE PROPOSED BUDGET AND PROPOSED TAX LEVIES FOR THE UPCOMING FISCAL YEAR FOR THE CITY OF BAY ST. LOUIS

The City of Bay St. Louis will hold a public hearing on its proposed budget and proposed tax levies for FYE 2022 on Sept. 8, 2021 at 5:30 p.m. at the Council Chambers, 598 Main Street, Bay St. Louis, MS 39520.

The City of Bay St. Louis is now operating with projected total budget revenue of \$24,683,785. 15.47 percent or \$3,818,953 of such revenue is obtained through ad valorem taxes. For the next fiscal year, the proposed budget has a total projected revenue of \$28,550,778. Of that amount, 15.72 percent or \$4,488,891 is proposed to be financed through a total ad valorem tax levy.

The decision to not increase the ad valorem tax millage rate for FYE 2022 above the current year's ad valorem tax millage rate means you will not pay more in ad valorem taxes on your home, automobile tag, utilities, business fixtures and equipment and rental real property, unless the assessed value of your property has increased for FYE 2022.

A millage rate of 22.92 mills will produce the same amount of revenue from ad valorem taxes as was collected the prior year. The millage rate for the prior year was 28.75 mills.

Any citizen of the City of Bay St. Louis is invited to attend this public hearing on the proposed budget and tax levies for fiscal year FYE 2022 and will be allowed to speak for a reasonable amount of time and offer tangible evidence before any vote is taken.

• REMEMBER

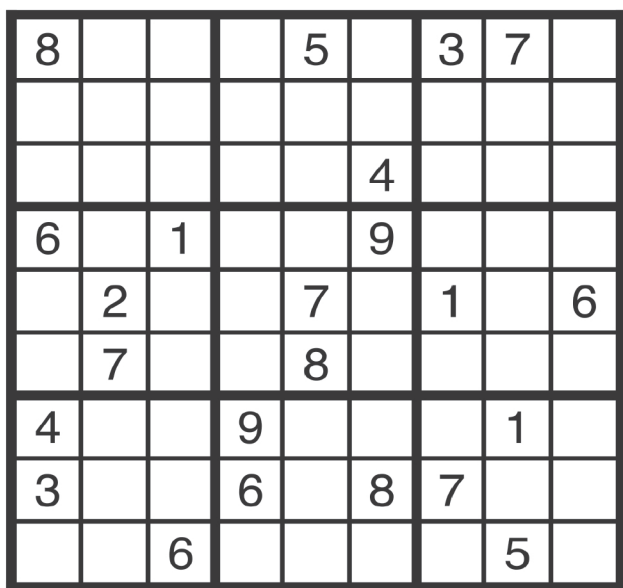

Continued from Page 5

With so many people living from paycheck to paycheck as it is, it’s quite difficult to tuck away money for a personal savings account, much less a hurricane evacuation fund.
Prior to Hurricane Ida’s arrival, I saw an Instagram post that gave me hope in humanity. A crew from Fox 8 NOLA was filming in Houma, LA and they came across a woman who had decided to evacuate late. However, the gas stations were boarded up and the pumps were shut off.
The news crew found a pump that worked, but she didn’t have enough money to fill up her tank, so the photographer paid her way.
I’m so glad this news crew ran across this woman and I hope that she did indeed get out of harm’s way in time.

The people of Louisiana have a long, hard road ahead of them. We know their story all too well.
But, yet, here we are.
And if you find yourself judging these people for not preparing, not evacuating, or whatever you can come up with, remind yourself that you’re not perfect either and you don’t know their whole story.
I remember what it was like when my whole world turned upside down that fateful day in 2005. If you remember that same feeling, then you know what the people of Louisiana are going through right now.
So find some more constructive ways to use your voice, like setting up a donation drive, organizing a volunteer road trip to help, etc.
My heart is with the people of Louisiana and while it does take time, healing can and will occur.

Exploring Values

By **C. GERALD RICHARDSON, D. MIN.**

The clarification of values in life is usually a daunting experience even in normal times. Questions are real, uncertainty may intrude upon our thinking, and human emotions tend to cloud decisions. Add to that the harsh realities of the Covid pandemic, and the process may become overwhelming. It seems clear that such is the case in our current situation.

What do we mean when we think about clarifying our values? It is essentially a process by which we reflect upon, and eventually act upon, those attitudes and moral concerns by which we wish to live

our lives. It impacts our actions in personal areas of life, and it certainly affects our relationships with others. While values are individual, their implications are quite broad, and their consequences extend to those with whom we live, work, play, and interact.

Spiritual experience and commitment play an important role in understanding and embracing values. It is good to remember that while religion and / or formal church membership may, and often is, a part of this process, it is not the only means by which spirituality may

C. Gerald Richardson, D. Min.

inform our values. Human beings are spiritual creatures. That is to say that a spirit exists within us which provides the spark of our humanity. This is not institutional, organizational, or mechanical. It is

personal. It springs from that mysterious place deep within us which produces such feelings as love, compassion, responsibility, forgiveness, hope, and much more.

Values tend to emerge when consideration is given to ways in which what we do, or say, or think may contribute to, or detract from the well-being of others. It is important to remember, and to care, that we do not live in isolation. We live in community. Our words and actions affect others. The values question here is not whether this is true. It is whether we are willing to

be compassionate enough to try to be sure that our actions contribute to the benefit of those around us. Never has this been more true than in these difficult days of pandemic.

Are our decisions regarding Covid protocols based only on our own preferences, or do they take into account the well-being of others? A person who is at low risk may decide to receive the vaccine so that they are not likely to become a danger to other high-risk persons who may contract the disease from them. Likewise, a person may

choose to wear a mask so that they are less likely to be a danger to others.

These are values decisions, and whether we like it or not, they reveal the kind of values we hold.

As is usually the case, our decisions and our values have much broader impact than we might think.

Our lives touch each other. This is much more than a physical reality. It is, at its core, a truth about humanity.

Who are we? What values do we embrace? It is worth thinking about.

Lisa Miller, Owner of the property commonly known as 1408 Erie Street. Legal Description, Lots 37 & 38, Block 144, UN 7, Addition 3, Shoreline Park Subdivision has made applications for the following:
A Rear Yard Setback (for Accessory Structures Only), Variance of Ten (10) feet, resulting in a Five (5) foot Rear Yard, for an accessory structure. The variance is being requested for an accessory structure (see Conditional Use Application below.)
Section 701.5 of the current Zoning Ordinance requires a Minimum Rear Yard of twenty-five (25) feet, except for accessory structures. The property owner has also made Application for a Conditional Use for an Accessory Structure of fifteen hundred (1,500) square feet. The purpose of the accessory structure is to keep all their cars and boat in one place. Also, for security purposes, (please see applicant's letter for more information). The outer material is designed to be similar to the residence.
Jordan Bradford Jr, Owner of the property commonly known as 1408 Erie Street. Legal Description, Lots 6,7 & 8, Block 115, Golfview Subdivision D-0-23, has made applications for the following: A Re-Zoning from R-1 Single Family Residential District to C-3 Highway Commercial District. The Applicant owns 3 lots that are in a block area of C-3 on both sides of the property and all properties located on the north side of Erie Street are Zoned C-3. Please see letter from Applicant and related exhibits. In the Case of Rezoning all property owners that are within three hundred (300) feet are notified and duly published per Section 905 – Applying for a Zoning Change.
Chad Rhodes (owner), Amy Doescher (representative), of the property commonly known as 644 N. Beach Blvd, Legal Description, art Lot 36, 1st Ward, Waveland, MS, has made applications for the following: A Side Yard Setback Variance of four (4) feet, resulting in a Side Yard Setback of eleven (11) feet. Section 701.4 – Minimum Side Yard of fifteen (15) feet. Please see letter from representative and exhibits in packet. The request is based on a large Live Oak Tree that they wanted to save; however, the lot narrows slightly towards the back of the lot. The applicant moved the planned house back to preserve the tree.

REQUEST FOR QUALIFICATIONS FOR ENGINEERING AND/OR ARCHITECT SERVICES
HURRICANE IDA
The City of Bay St. Louis, Mississippi is requesting sealed statements of qualifications ("Statements") from qualified individuals or firms to provide engineering and/or architectural services, damage assessment, design, permitting, and construction oversight services to the City of Bay St. Louis. MS regarding damages sustained to city properties from Hurricane Ida on or around August 29, 2021.
Said proposals will be received in the City Clerk's office, City of Bay St. Louis, 688 Highway 90, Bay St. Louis, MS 39520, until 2:00 P.M., Wednesday, September 15, 2021, after which time they will be opened by the Selection Committee. The City is not responsible for receipt of statements or delays in transmission of proposals.
Statements received after the indicated time for submission shall be considered non-responsive and shall not be opened. Please submit five (5) hard copies of the

statement.
The statement of qualifications should be submitted in a sealed envelope clearly identified as follows:
NAME OF FIRM OR INDIVIDUAL
HURRICANE IDA
STATEMENT OF QUALIFICATIONS FOR ENGINEERING AND/OR ARCHITECT SERVICES
The selected individual or firm shall be responsible for complete engineering services in accordance with applicable state and federal laws, regulations and procedures, including FEMA regulations. The individual or firm's responsibilities will include preparing project cost estimates and required engineering services through project closeout in accordance with federal, state and local laws, regulations and policies. The scope of work will include, but not limited to, the following: assessment of all city properties for damages caused by Hurricane Ida; preparation of documents and specifications for any construction required to remedy damages to city properties caused by Hurricane Ida; distribution of bid documents if required; assistance in bid opening and preparation of bid tabulation if required; preparation of construction contracts if required; performance of construction administration if required, including inspections, review and approval of contractor payment applications, and periodic reporting to the City. Activities will include insuring compliance with all aspects of project design and implementation. A Selection Committee will review each statement and select a qualified individual or firm. Each member of the committee will assign points to each criteria based on the content of the statement. Negotiations will be conducted initially with the firm receiving the highest number of points based on the factors below, as rated by the Selection Committee. If a mutually satisfactory contract cannot be negotiated with the firm, the firm will be requested to submit a best and final offer, in writing, and if a contract cannot be reached after the best and final offer, negotiation with that firm will be terminated. Negotiations then will be initiated with the subsequently listed firm in the order of rating, and this procedure will be continued until a mutually satisfactory contract has been negotiated. In addition to reaching a fair and reasonable price for required work, the objective of negotiations will be to reach an agreement on the provisions of the proposed contract including scope and extent of work and other essential requirements.
Proposals will be evaluated according to the following factors: 0-25 points, Evidence of individual or firm's ability to perform the work, as indicated by profiles of the principals and staff's professional and technical competence and experience (including FEMA experience); 0-25 points, Capability to provide professional services in a timely manner taking into consideration the physical location of firm and availability of staff; 0-25 points, Demonstrate knowledge of local building codes and zoning ordinances; 0-15 points, Past performance in terms of cost control, quality of work and compliance with performance schedule; 0-10 points, General response to the RFQ.
Statements may be held by the City for a period not to exceed sixty (60) days from the date of opening of proposals for the purpose of reviewing the statements and investigating the qualifications of the engineer prior to awarding the contract. The City is an equal opportunity employer. DBE/MBE and/or WBE individuals/firms are encouraged to submit statements.
The City reserves the right to reject any and all statements and to waive any informality in statements received.

SECTION 00030
ADVERTISEMENT FOR BIDS
PROCUREMENT OF 5-BAY PREFABRICATED METAL HANGAR (BID PACKAGE #1 – BUILDING SUPPLIER PACKAGE)
PROJECT NO. AP2109
HANCOCK COUNTY PORT & HARBOR COMMISSION
Electronic or sealed Bids for Procurement of 5-Bay Prefabricated Metal Hangar – Project NO. AP2109 will be received by the Hancock County Port & Harbor Commission, located at 14054 Fred & Al Key Road, Kiln, Mississippi 39556, until 2:00 P.M., Local Time, Friday, September 24th, 2021, then bids will be publicly opened and read. Any bids received after the time and date specified will not be considered and will be returned. All bids must be addressed to: HANCOCK COUNTY PORT & HARBOR COMMISSION of Hancock County, Mississippi; marked "SEALED BID TO OPENED AT 2:00 P.M., SEPTEMBER 24th, 2021", and specify the name of the bid project. If bid is submitted by mail, the address of the Hancock County Port & Harbor Commission is "14054 Fred & Al Key Road, Kiln, MS 39556".
When bids are submitted electronically, the same requirements for submitting sealed bids shall apply. Electronic bids shall be submitted online at www.portaispacework.com and shall include a document on the first page stating the same language required on the face of the sealed envelope.
A pre-bid meeting for this project will be held on Tuesday, September 14th, 2021, at 10:00 A.M., Local Time via teleconference. Prospective bidders are asked to call into 1-877-431-8639 (PIN 982-713-9178) at the scheduled time. It is strongly recommended that prospective bidders attend the pre-bid meeting.
The project generally consists of: Procurement of 5-Bay Prefabricated Metal Hangar: The Building Supplier is responsible for the pre-engineered design, shop fabrication, milling, manufacture, packaging, and shipping of all building parts and components related to the proposed 5-bay prefabricated metal hangar with bi-fold doors. The building will be approximately 311 feet by 60 feet (18,660 square feet) as shown in the minimum performance drawings and specifications and will be partitioned into 5 individual hangar bays. The hangars are intended for aircraft storage only and will not include restroom facilities or other internal partitioned areas. The proposed hangar bays will not be climate controlled but will be insulated (provided under separate contract) and include exhaust fans, flood vents, and lighting (procured under separate contract).
The Building Supplier shall be responsible for providing design calculations and complete engineering drawings of the building systems and components necessary to obtain building permits. The drawings shall be signed and sealed by a professional engineer licensed in the State of Mississippi hired or employed by the Building Supplier. The Building Supplier shall provide dimensions, loadings, and a building reaction plan to the Owner's foundation designer (Engineer), and the Building Supplier shall provide other external building dimensions, measurements, and features (including an anchor bolt layout plan) prerequisite to the erection of the building structure by the Owner's Construction Contractor. The Building Supplier shall not be responsible for the unloading of materials at Owner's site, construction, or erection of the hangar building.
The Building Supplier is the responsible party for shipping inspection at the time of delivery to inventory all parts and inspect for

any damage during shipping. The Building Supplier shall provide an on-site representative to inspect construction at the midpoint of steel erection and after steel erection has been completed but prior to installation of any interior or exterior finishes. The Building Supplier shall assist Engineer with development of punch list. The Building Supplier shall provide various warranties as noted in the specifications which shall commence on the date of final inspection of the completed work by the Construction Contractor.
The above general outline of features of the work does not in any way limit the responsibility of the Building Supplier to perform all work and furnish all labor, equipment, and materials required by the specifications and the drawings referred to therein.
The Building Supplier will commence the work required by the CONTRACT DOCUMENTS within 10 calendar days after the date of the NOTICE TO PROCEED and Substantial Completion (all building components delivered to site and accepted) of the project will be obtained within 150 consecutive calendar days of the NOTICE TO PROCEED date unless the period for completion is extended otherwise by the CONTRACT DOCUMENTS. The Building Supplier shall be liable for the continued assessment of liquidated damages at \$1,000.00 for each calendar day that the Building Supplier is in default in attaining Final Completion within the time stipulated as provided herein.
Bidder must be qualified under Mississippi Law.
Proposals shall be submitted in duplicate, sealed and deposited with the Hancock County Port & Harbor Commission prior to the hour and date hereinbefore designated. No bidder may withdraw its bid within 60 days after the actual date of the opening thereof.

Each Bidder must deposit with his proposal, a Bid Bond in an amount equal to 5% (five) percent of its bid, payable to the Hancock County Port & Harbor Commission, as bid security. The successful bidder will be required to furnish a Payment Bond and Performance Bond each in the amount of 100 percent of the contract amount.
Contract Drawings, Contract Specifications, Instructions to Bidders and Bidders Proposal forms are on file and open to public inspection in the office of the Hancock County Port & Harbor Commission, 14054 Fred & Al Key Road, Kiln, Mississippi. Bid documents are being made available via paper or digital copy. All interested bidders are required to log-in or register for an account at www.portaispacework.com or www.neel-schafferplans.com to view and order Bid Documents. All plan holders are required to have a valid email address for registration. Bid documents are non-refundable and must be purchased through this website. Questions regarding website registration and online orders should be directed to Plan House Printing at (228) 248-0181. Any questions that bidders might have should be directed to Neel-Schaffer, Inc., 772 Howard Avenue, Biloxi, MS, 39530 to the attention of Alex Davis or via email at alex.davis@neel-schaffer.com.
Minority and women's business enterprises are solicited to bid on this contract as prime contractors and are encouraged to make inquiries regarding potential subcontracting opportunities, equipment, materials and/or supply needs.
The Hancock County Port & Harbor Commission hereby notifies all Bidders that it will affirmatively ensure that in any contract entered into pursuant to this advertisement, disadvantaged and women's business enterprises will be afforded the full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award. The Hancock County Port & Harbor Commission reserves the right to reject any and all bids and to waive any informalities or irregularities therein. A Contract will be awarded based on the low bid that is determined to be in the best interest of the Owner and which produces a total within available funds.

Meet Casey.
This sweet pup was found by a kind family, after he was dumped along with his sibling, CAMMIE, in a remote area of Hancock County. We really do not have space for either pup. Casey is at our vet, but will be returning to us today. Cammie is in a "hold-ing" crate in our kitchen, and she deserves so much better! We have NO open kennels! PLEASE BE CASEY'S HERO! He loves people, and is approximately 4 months old, and likely a Black-mouth Cur/Labrador Retriever mix. He sought out friendship and play with the finder's senior dog, so a forever home with another playful dog would be great for Casey. Please call our front desk at 228-466-4516 (Mon-Fri 10am-4pm) to make arrangements to come in and meet Casey. You will fall in love with this affectionate, adorable boy. (Please bring the kids and family dog(s) to ensure compatibility.)

age and older are fully vaccinated,” Byers said. As far as hospitalizations, the state is seeing a large number of patients in the hospital, in ICU, or on a ventilator. “Now again, we are seeing some flattening out of these numbers,” he said. “And certainly, that’s encouraging. But this is still an enormous amount of pressure that’s on the hospital system.” Byers said that anyone who does become infected with COVID should speak with their health provider about monoclonal antibodies treatment, which can reduce the risk of developing severe complications and/or hospitalization. Residents can call the Mississippi COVID hotline at 1-877-978-6453 for information about where to go and get monoclonal antibodies. Byers said that the state is still seeing a high number of cases per day, more than 3,000 per day. “We are seeing what looks like some improvement in the number of cases that we’re reporting out every day,” he said. However, Byers said that there is still a “lot” of transmission. “We’re still seeing a lot of cases that are occurring in the state, even with what looks like some potential plateau,” he said. “We are nowhere near out of this yet. We are still seeing a lot of impact from this.”

From July 28 to Aug. 24, two percent of the COVID-19 cases in the state were among the vaccinated, with 98 percent of the cases in the unvaccinated. The vaccinated make up 10 percent of the hospitalizations and 90 percent are unvaccinated. Fourteen percent of the deaths are in the vaccinated while 86 percent of deaths are in unvaccinated individuals, MSDH reports. Senior deputy and director of the Office of Health Protection Jim Craig said the COVID System of Care is still active and mandatory for hospitals, especially when transporting patients for critical care. Craig reiterated that there are beds available but the problem continues to be “insufficient staffing” to operate all the beds. Gov. Tate Reeves on Monday announced that more than 1,000 health-care personnel have been deployed to Mississippi’s hospitals. Craig added that the state requested eight additional teams to assist with the administration of monoclonal antibodies. He said that EMS services across the state are “stretched thin.” “Their priority remains 911 calls and emergency transfers, but pressures on the health-care system have resulted in longer transfers and in some cases, longer wait times in delivering patients. Ambulance services report sufficient ambulances, but lack necessary staffing.”

Working with EMS agencies, Craig said the state on Tuesday requested 90 EMTs, 27 advanced EMTs, and 142 paramedics through the federal government and the FEMA Ambulance Contract. The Pfizer vaccine, which was fully approved by the FDA this week, is authorized for children as young as 12, while the Moderna vaccine is for those 16 and up and the Johnson and Johnson vaccine is approved only for those 18 and up. Free vaccinations are available at all MSDH office locations during operating hours and appointments are encouraged. Appointments can be made at www.covid-vaccine.umc.edu. MSDH’s locations are now offering the booster shot to individuals with certain medical conditions such as cancers, organ transplants, and other immunocompromising situations. MSDH is also offering assistance to businesses, organizations, cities, groups or individuals interested in holding a COVID-19 vaccination events in their communities particularly in rural or minority communities with less access to COVID-19 vaccinations. Call the MS COVID-19 hotline at 877-978-6543 for more information. If you are homebound and need assistance getting your COVID-19 vaccination, send an email to COVIDHomebound@msdh.ms.gov or call the Hotline at 877-978-6543.

NOTICE OF A PUBLIC HEARING

ON THE PROPOSED BUDGET
AND THE PROPOSED TAX LEVIES FOR
THE UPCOMING FISCAL YEAR FOR THE
CITY OF WAVELAND

The City of Waveland will hold a public hearing on its proposed budget and proposed tax levies for fiscal year ending September 30, 2022 on Tuesday September 7, 2021 at 6:30 p.m. at the Waveland City Hall Boardroom, 301 Coleman You can also attend via Go To Meeting Please join our meeting from your computer, tablet or smartphone.
<https://global.gotomeeting.com/join/463826421>

You can also dial in using your phone. United States:
+1 (669) 224-3412
One-touch: tel:+16692243412,
46382642
Access Code: 463-826-421.

The City of Waveland is now operating with projected total budget revenue of \$11,907,652.00. (21.36 percent) or \$2,543,195.00 of such revenue is obtained through ad valorem taxes. For the next fiscal year, the proposed budget has a total projected revenue of \$13,021,502.95. Of that amount, (22.52 percent) or \$2,932,253.95 is proposed to be financed through a total ad valorem tax levy. The decision to not increase the ad valorem tax millage rate for fiscal year ending September 30, 2022 above the current fiscal year’s ad valorem tax millage rate means you will not pay more in ad valorem taxes on your home, automobile tag, utilities, business fixtures and equipment and rental real property, unless the assessed value of your property has increased for fiscal year 2021.

A millage rate of 32.73 will produce the same amount of revenue from ad valorem taxes as was collected the prior year. The millage rate for the prior year was 37.55. Any citizen of the City of Waveland is invited to attend this public hearing on the proposed budget and tax levies for the fiscal year end September 30, 2022 and will be allowed to speak for a reasonable amount of time and offer tangible evidence before any vote is taken.

“We don’t have a start date (for debris removal) yet,” Depreo said. “We’re working today to get things moving. We’re asking residents to go ahead and start pulling their debris out in front of their homes now in the right-of-way.”

BAY ST. LOUIS

“We’ve got some damage down in the harbor, some roofs and shingles were damaged all throughout town,” Bay St. Louis Mayor Mike Favre said Tuesday, “but for the most part, we have fared very well and are very fortunate.”

The American Legion Pier at Washington Street was destroyed, Favre said, and the Dunbar Pier was also heavily damaged. Both piers are county-owned and have been blocked off while officials begin to assess the situation.

Favre said he had not yet had any reports of homes flooding in Bay St. Louis.

“Overall, we’re very fortunate,” he said. “We’re very lucky it stayed to the west of us.”

DWGAN GOLFING NEWS FROM JUNE 2021

BY SHIRLEY HALTERMAN

Even though we are heading into Hurricane Season, amazingly, we were able to play on each of the five Tuesdays in June. A couple of our Tuesdays looked iffy but turned out to be playable.

The Monthly Trophy Day was played on the back nine holes of the Cardinal Course on Tuesday, June 1st. This month’s Low Gross winners were: Flight 1 - 1st Place, Therese Mauterer, and 2nd Place, Marilyn Galus. Flight 2 - 1st Place, Mary Alice Harfoush, and 2nd Place, Kathy Jones. Flight 3 - 1st Place, Pattie Blackwood, and 2nd Place, Cheryl Saak (in a scorecard playoff). Flight 4 - 1st Place, Jeri Harris, and 2nd Place, Marsha Roberts. The Low Net winners were: Flight 1 - 1st Place, Barbara Linville, and 2nd Place, Toni Rossol. Flight 2 - 1st Place, Nancy Sislow (in a scorecard playoff), and 2nd Place, Fran Smith. Flight 3 - 1st Place, Mary Murray, and 2nd Place, Marlene Gossard. Flight 4 - 1st Place, Beryl Laird, and 2nd Place, Lenna Weisenhorn. Low Putt Awards went to: Flight 1 - Therese Mauterer in a tie with Kathie Pierson, Flight 2 - Nancy Sislow, Flight 3 - Mary Murray and Flight 4 - Jeri Harris. Longest Drive honors went to: Flight 1 - Marilyn Galus, Flight 2 - Margaret Sherwood, Flight 3 - Cheryl Saak and Flight 4 - Jeri Harris. And, last but not least, Closest-to-the-Pin was achieved by: Flight 1 - Toni Rossol (2), Flight 2, Mary Alice Harfoush, Flight 3 - Pattie Blackwood and Flight 4 - Marsha

Roberts (2). Just in case you are wondering about the number 2 behind two names. We have established a policy of awarding these honors to the person who gets closest-to-the-pin on her second shot. However, this only applies if no one in the Flight has landed on the green in one shot. In addition, during this round Kathie Pierson scored a Chip-In on #12, while Pattie Blackwood had a Birdie on #17.

Even though rain was predicted for our Scramble “Free Throw” competition on Tuesday, June 8th, we managed to play our game before the rain arrived. However, we will have to admit that the Summer Stickies have arrived. Players are cautioned to stay hydrated when playing. In the Scramble “Free Throw” format, we play as a team and once during the round the team is entitled to actually throw the ball rather than hitting it with a club. Choose this method carefully as you cannot throw a golf ball as far as you may think. Playing on the back nine holes of the Pine Course, the Low Gross First Place winning team posting a score of 31 was composed of Sue Herbert, Dinah Knobloch, Therese Mauterer and a ghost. The Second Place team with a score of 36 was made up of Brigitte Becker, Pattie Blackwood, Mary Alice Harfoush and Tammy Lippon. Third Place with a score of 37 was achieved by Kathie Pierson, Marsha Roberts, Pat VanDervort and Carol Wyrosdick.

Five Clubs + your Putter was the format for the June 15th competition. Selecting just

the best clubs from your bag can be tricky. Those who chose well were: Low Net - Flight #1 - 1st Place, Betty Perry and 2nd Place, LaDonna Brown. Flight #2 - 1st Place, Nancy Sislow and 2nd Place, Fran Smith. Flight #3 - 1st Place, Cheryl Saak and 2nd Place, Cynthia Michael. And, finally, in Flight #4 - 1st Place, Geri Harris and 2nd Place, Marsha Roberts. Counting putts provided the following gals with honors: Flight #1 = Audrey Ramirez, Flight #2 = Nancy Sislow, Flight #3 = (in a tie) Sylvia Corban and Dinah Knobloch, and Flight #4 = (in another tie) Jeri Harris and Carol Wyrosdick. Play was on the Front Nine of the Cardinal Course, and LaDonna Brown had a Chip-In on Hole #1 while Marilyn Galus scored one on #6. Nice work ladies!

It seems as every time we schedule a Play Day with our DWGA (18 Hole) counterparts it gets rained out. While weather forecasters predicted a 90% chance of rain for Tuesday, June 22nd, the rain managed to stay away until later in the day allowing us to actually get in our Scramble with the 18s. Playing on the front nine of the Pine Course, our winning teams were as follows: First Place posting a team score of 36 - Jean Hudgins, Jerry Ingraham, Kathie Pierson and Cathy Weber. Second Place with a score of 38 - Judi Brannan, Marilyn Galus, Patti Hourin and Judy Tauzin. Dinah Knobloch had a Chip-In on Hole #2.

The weather still cooperated on our 5th Tuesday of June when we played a Schamble

on the front Nine of the Pine Course. Just to remind you, this team format allows each team to choose the best drive, and then each player plays her own ball for the rest of the hole. First Place Team - (with a Net Score of 134) Marlene Gossard, Nancy Hopper, Mary Murray and Betty Perry. Second Place Team - (with a Net Score of 136) Sue Hebert, Jerry Ingraham, Fran Smith and Judy Tauzin. Third Place Team - (with a Net Score of 137) Tammy Lippon, Therese Mauterer, Pat VanDervort and a Ghost. As you can tell from the posted scores, competition was very close. Both Shirley Halterman (hole #4) and Judy Tauzin (hole #9) posted Chip-Ins. While Tammy Lippon and Kathie Pierson each scored a Birdie on the 6th hole.

We hope you contin-

ue to follow the adventures of Diamondhead’s NINES as we chase

the little dimpled ball around the courses. Stay safe and dry!

Tigers roar past Hurricanes

BY MAURICE SINGLETON
CONTRIBUTING WRITER

Bay High shutout West Harrison through nearly three and a half quarters of play, leading 20-0 after three quarters, before closing out the Hurricanes 26-7 in the Tigers' season opener in Bay St. Louis on Friday.

The Tigers' defense was the story. After giving up two first downs to the Hurricanes on their first possession, they then shut the visitors' offense down, giving up only 20 yards the remainder of the first half while denying another first down before halftime. The defense then scored the Tigers' first touchdown as Ben Wilemon recovered a West Harrison bad punt snap in the end zone to give the Tigers a 6-0 lead with 7:41 remaining in the second quarter.

"Coach Greg Necaise, Coach Woody Cagnolatti and Coach Dave D'Angelo are the best defensive staff around," said Tigers' coach Jeremy Turcotte. "I am so fortunate to have those three guys. They have an intensity that the kids feed off of, and the kids want to be good for them.

"I can't say enough good things about my defensive staff," added Turcotte. "It's amazing."

Regarding West Harrison's early success moving the ball, Turcotte said the Tigers didn't do anything special. "Wing-T," he chuckled. "We settled in. We honestly didn't do anything crazy or special. We're going to face Wing-T down the road. We were supposed to play Pearl River Central (Jam-

boree game opponent which had to cancel after school went to virtual due to Covid), who runs the Wing-T. We've been working on the Wing-T, and the kids have done a great job reading their keys and following their assignments."

The Tigers' offense got going on their third possession of the game following a Lavanta Meadows recovery of a West Harrison fumble, which gave the Tigers excellent field position at the Hurricanes' 40 yardline.

The Tigers put together an 8-play drive starting with a 5-yard pass completion from Fisher DeCamp to Jaylen Antoine. Antoine then picked up 8 yards along the visitors' sideline. DeCamp then carried on a draw for four yards. Senior tailback Noah Cutter then punched through the line of scrimmage for 5 yards, followed by another DeCamp keeper for three yards.

Freshman quarterback

Xander Ladner came in and lined up at quarterback; he completed back-to-back passes for 11 yards to Cutter and 10 yards to DeCamp, who made an amazing one-hand grab at the visitors' 2 yardline. Cutter carried for the touchdown on the next snap, and the Tigers extended their lead 13-0, following a successful PAT kick by freshman Avery Harris with just under a minute remaining before halftime.

The Tigers added to their lead following another Bay High recovery of a West Harrison fumble. Ashton Lang fielded the fumble at the West Harrison 29 yardline, and the Tigers didn't waist anytime, putting together a 3-play drive. Carmello Simpson carried for runs of one and 12 yards before Cutter blitzed through a hole on the left side of the line of scrimmage for 16 yards and a touchdown. The Tigers led 20-0 with 2:22 remaining on the third quarter clock follow-

ing Harris's second PAT kick.

The Hurricanes put together their only scoring drive on their ensuing possession, going 85 yards (after 5-yard procedure penalty) on 8 plays with the help of a 15-yard horse-collar penalty against the Tigers. The Hurricanes capped the drive with a 15-yard running play. The Tigers led 20-7.

The Hurricanes were successful with an on-side kick play, maintaining possession at mid-field. But once again the Tigers' defense stepped up, forcing a Hurricanes' fumble on second down as junior Brayson Johnson recovered for the Tigers with 10:41 remaining in the game.

With the Hurricanes' defense worn down, the Tigers went to the slashing running of junior tailback Simpson. He ran 8 yards in front of the Tigers' bench on first down, then two plays later broke free for 35 yards, which was called back for an illegal block. But on the very next play he found an alley set up by Tigers' blockers and evaded tacklers for 33 yards to the Hurricanes' 16 yardline.

Simpson would carry two more times on the drive, a 3-yarder and a 12-yard carry to close out the game's scoring.

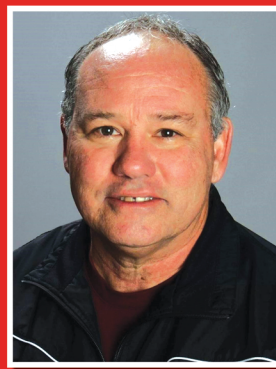

Simpson led Tigers' rushers with 69 yards on 7 carries and a touchdown. Cutter finished with two rushing touchdowns.

"We were sluggish offensively," said Turcotte. "I cannot deny that. We couldn't get in a rhythm with penalties and a couple of blown assignments where we had some young guys. We are still committed to playing a bunch of young guys all the way through

trying to get them ready for when the real season begins with district.

"Some first real game jitters, and some young guys trying to pick up the speed of the game," added Turcotte. "As long as there are more points on the home side than there are on the visitors' side. I'll take an ugly win over a pretty loss any day of the week."

The Tigers (1-0) travel to Sumrall for a non-district game on Friday.

The Our Lady Academy Crescents went on a tear last week picking up wins over both Vancleave and Biloxi.

On Tuesday evening, OLA (3-3) beat Vancleave in four games

Ashley Bulot led OLA with

On Thursday, OLA Veatch Biloxi 25-23, 25-20, and 25-17.

OLA head coach Emily Meyers commented, "The girls are definitely getting more comfortable on the court with each other. We communicated better and did not commit as many unforced errors as we have been. We played well this week and I am proud of their effort."

On August 12, Bay High dropped their game with Saint Patrick 20-25, 25-27, and 23-25. Ja'Siya Acker tallied 4 kills and Aleyah Calomese added 4 aces, 3 kills, and a block. Maddie Goldbold had 2 aces, 3 kills, and 2 digs while NeNe Bosarge had an ace, 5 kills, and a dig. Deleah Bullock added 4 assists and 2 digs and McKenzie Favre collected an ace, 3 kills, 10 assists, and 3 digs. MacKenzie Graham tallied an ace, 2 kills, 8 assists, and 2 digs while Nadia Lewis had a kill and 9 digs.

On August 17, Lady Tigers stumbled against the West Harrison Lady Hurricanes 23-25, 17-25, and 10-25. Calomese had 2 kills and an ace while Bullock tallied 4 kills, 3 aces, and 6 digs. Graham added 2 kills, an ace, 5 assists, and 4 digs. Favre compiled 3 kills, 5 assists, and 2 digs while Lewis tallied 2 aces and 7 digs.

On August 19, Bay High beat Picayune 25-21, 25-18, and 25-23. Acker collected a kill and 3 blocks while Calomese had 5 aces and 8 kills. Godbold had 4 aces, 2 kills, and 3 digs. Bullock tallied 3 aces, 5 kills, and 5 digs and Favre added 4 aces, 6 kills, 18 assists, and 2 digs. Graham added 4 aces, 6 assists, 3 kills, and 3 digs. Lewis added 3 aces and 7 digs.

On August 17, OLA (1-3) lost to Long Beach 24-26, 16-25, and 23-25. Ashley Bulot collected 13 kills, 2 blocks, and 10 assists. Avery Templeton added 7 points and Myah Favre had 7 kills and 3 blocks. Kinsley Jean Stegall added 14 digs while AnnaLaura Williford collected 3 aces, 7 points, and a block. Abby Whaley had 4 kills and 7 digs. Avery Matheson added 14 assists and 20 digs.

Against East Central on August 19, OLA fell 25-18, 24-26, 16-25, and 16-25; however, game details were not available.

OLA head coach Emily Corley stated, "We got better as the match went on, but we gave up too many unforced errors."

Hancock High School and Pass Christian did not return to play until Monday, August 30th as they were shut down due to COVID-19 concerns.

Shore Thing Fishing Report

BY CPT. SONNY
SCHINDLER

Cliffe and Peter Laborde joined me on a charter, a lil while back. It was the first time I'd fished with Peter. His brother Cliffe and I have been fishing together since the early 2000's. It was very nice having Peter along for the day.

Mainly, because Mr Cliffe had someone else to pick on, besides me. The gloves definitely came off between the brothers.

It was just part of the fun, nothing was personal, and we all got a laugh out of the seemingly endless jokes.

Hey, it's a package deal with the Laborde's, you better come ready to fish, and have thick skin. I always enjoy the banter, and it doesn't stop if

Captain Ronnie Daniels with the photo bomb! Capt Sonny Schindler and Peter Laborde with a huge pile of speckled trout.

fishing is great or terrible either.

We had a good start to our morning. We were fishing shallow reefs with live croakers. It was a fish here and there, with some big trout.

We did cover a lot of water. It was getting warmer, and the trout bite has been getting much slower, as the temperature increase. I could hear Capt Ronnie Daniels (Fisherman's Guide Service) calling on the radio. "Man, we found a few fish if you wanna come try next to us"? I knew he was on a good bite, so we graciously accepted the invitation.

Of course the Laborde boys let me know that I needed help from another guide, to find the fish...

Ronnie was on the fish, and soon we were

too. Cliffe and Peter couldn't get their baits in the water fast enough. It was an absolute free for all trout slinging festival. It was soo good that the brothers quit picking on each other, and me!

When we got back to the dock, I think we thanked Ronnie 3 or 4 times for the invite. Capt Clay Necaise (OutKast Charters) had gotten done cleaning his big catch earlier.

He just hopped right in, and began helping me clean the Laborde's big haul of trout. By then it was miserably hot, so the help from Capt Clay was very much appreciated.

It was just a really fun day.

I thoroughly enjoyed spending it with some really good people, my friends, my brothers. Love these guys!!!

SSC/OLA swimming sinks d'Iberville & competes in Coastal Invitational; Williams & Moore set new school records

With the school year back in full swing, all fall sports are in action and that includes swimming. The Saint Stanislaus/Our Lady Academy swim teams competed in the Coastal Invitational in Biloxi on Saturday, August 21, and hosted d'Iberville on Tuesday, August 24.

At the Coastal Invitational, the Rocks scored 117 points to finish fourth out of nine teams. Ocean Springs won the boys title with 236 points. OLA scored 139 points to finish fourth in the girls division. Ocean Springs tallied 241 points to complete the sweep.

Gibson Williams of SSC won the 200-yd freestyle in 1:53.46 and the 100-yd freestyle in 51.45. The 200-yd freestyle relay team of Wil-

liams, Mark Ray, Connor Macomber, and Jack Mullins won the event in 1:45.45.

OLA was led by Rylie Moore who placed second in the 200-yd freestyle in 2:04.76 and second in the 50-yd freestyle in 26.02. Moore's finish in the 50-yd freestyle set a new school record breaking the previous mark of 26.04 set by Isabella Cottone on November 1, 2014.

Audrey Chang placed second in the 100-yd freestyle in 1:00.04. The Crescents' 200-yd freestyle relay team of Moore, Ella Taylor, Lily Yanez, and Caelyn Taylor-Henson took second in 1:56.46.

Against d'Iberville, SSC won the match 86-50 and won every event except the 200-yd freestyle. The Rocks won the 200-yd medley relay (1:58.15), 200-yd free-

style relay (1:59.57), and 400-yd freestyle relay (4:33.22). Williams won the 100-yd breaststroke (1:07.49) and 200-yd individual medley (2:13.29). Mullins won the 100-yd butterfly (1:10.45) and 100-yd backstroke (1:20.19). Ray won the 50-yd freestyle (25.08) and 500-yd freestyle (16:32.00). Macomber won the 100-yd freestyle (1:08.54) and placed second in the 200-yd freestyle. Earlier in the season against Picayune on August 17, Williams set a new school record in the 100-yd butterfly with a time of 57.03 eclipsing the previous mark of 57.19 set by John Prikasky set on October 28, 2017.

The Crescents beat the Lady Warriors 105-26 and won every event. OLA won the 200-yd medley relay (2:23.08), 200-yd freestyle re-

lay (2:09.08), and the 400-yd freestyle relay (4:26.62). Amy Pigott won the 200-yd freestyle (2:35.47) and 100-yd freestyle (1:08.52). Moore won the 500-yd freestyle (6:02.33) and the 100-yd backstroke (1:15.29). Amber Bauer won the 100-breaststroke (1:34.20) and Taylor won the 200-yd individual medley (2:56.28). Yanez won the 100-yd butterfly (1:27.55) and Taylor-Henson won the 50-yd freestyle (32.43)
